

# What are we worried about?

Would you like the opportunity to come together to keep your community safe and protect the next generation of young people?  
**Do you feel your community can help?**

**Knife crime**

**County lines**

**Grooming**

**Community Conversations can help communities find solutions**

# The Process

## Part 1

Professionals will attend to share information, there is then an opportunity for the community to share perspectives and ask any questions.

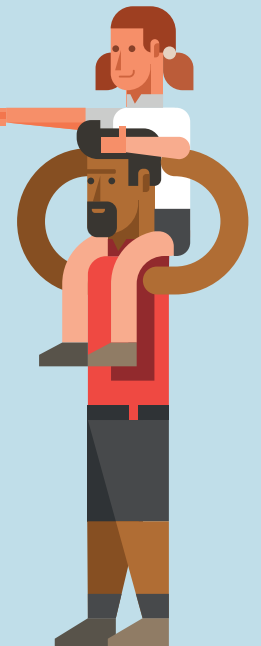

## Part 2

This section is to discuss solutions as a community and to outline a community plan.

## Part 3

Everyone regroups and shares your community idea's with the professionals, you will all then finalise your community plan.

Plan for change

If you would be interested in creating a Community Conversation Plan, please contact:
