

**Guide to a Good ROTH Plan**  
**Quality Assurance & Review Service**

**You are an important part of this meeting and need to identify risk and contribute to producing this Plan.**

**The worries in the assessments and reports for this conference need to be addressed by this plan.**

**Are the Worries clearly described and specific?**

**When you read / see the Worries do you immediately understand why this child is subject to this level of Plan?**

**Are all of the Worries addressed in the Outcomes?**

**Are the Outcomes child focused?**

**Are the actions directly related to the Outcome they are under?**

**Does every action have a clear date?**

**Does every action have a professional and / or family member who is responsible for this?**

**Is the Back Up Plan family led? Does it explore the use of extended family and friends?**

**Is the Back Up Plan specific to the child?**

**In every core group the Plan must be reviewed and progressed, including making relevant changes to the actions.**

**There is an expectation at the next ROTH Meeting this Plan will have been developed**
